 Tamilnadu, India

About Kodaikanal

Kodaikanal is referred to as the "Princess of Hill stations" and has a long history as a retreat and popular tourist destination. The romantic traditions of Murugan in Sangam literature are thus associated with the name Kodaikanal. Kodaikanal could mean "the end of the forest" which makes poetic and geographical sense. Kodaikanal is at the crown of the Palani Hills and is effectively surrounded and protected by thick forests. It is known for its rich flora. Of the big trees, cypress, eucalyptus and acacia are the dominant varieties. Pear trees are numerous and the fruits are of high quality. The summer retreat of Kodaikanal literally means 'gift of the forest'.

About University

Mother Teresa Women's University is situated at Kodaikanal, a quiet hill station tucked away in the Palani hills of South India. This University was established in the year 1984 by the enactment of Tamil Nadu Act 15. This University aims to extend its service to women students of all communities. It strives for Academic Excellence and Personality Development and gives equal importance for promotion of employment prospects to young girls.

About the Department

The Department of Physics is started in the year 2002 and offers M.Sc. Physics with Specialization in Astrophysics and Materials Science, M.Phil and Ph.D. programme. The department has dedicated and well qualified faculties having expertise in the diverse

fields of Physics. The department has many research projects in the field of Spectroscopy, Materials Science, Nanoscience and Crystal Growth funded by DST, UGC, DAE and DST-SERB.

Scope of the seminar

Materials Science is a multidisciplinary branch of Science and Technology, investigate the relationship between the structure of materials and their micro/ macroscopic properties. This seminar will provide a platform for researchers to share their knowledge and expertise with other researchers of their related fields. The scientific program will consist of invited talks, oral and poster presentations.

The Seminar will cover all the aspects of Materials Science and Applications, including the below topics:

Crystal Physics
Conducting Materials
Semiconductor Materials
Magnetic and Dielectric Materials
Optical Materials
Modern Engineering Materials
Ceramic Materials
Organic and Other Materials

Papers are invited from the above thrust areas but not limited to the above.

Publications

All the received papers will be recommended to the Reviewer Board of an IRJET (International Research Journal of Engineering & Technology", (UGC approved Journal) ISSN No: 2395-0072, for publication online as special issues. (Publication charge per paper Rs. 500/-)

| Registration | Fee | (Per participant/ Author) |
|----------------------|------------|----------------------------------|
| Students (UG) | : Rs. | 150/- |
| Students (PG) | : Rs. | 250/- |
| M.Phil Scholars | : Rs. | 350/- |
| Ph.D Scholars | : Rs. | 450/- |
| Faculty Members | : Rs. | 800/- |
| Industrial Delegates | : Rs. | 1500/- |

◇ **On-the-spot registrations are accepted for participation only.**

◇ Registration fee can be paid as a DD in favour of "The Registrar, Mother Teresa Women's University, Kodaikanal" payable at **Kodaikanal** on or before 28.07.17.

Submission Guidelines

The paper should be in standard format limited to four pages including figures and tables. The abstract should be submitted to **ismst17@gmail.com**.
